

## WTF CERTIFIED MASTERS

### Master Paul E. Lewis

Master Paul Lewis is a proud practitioner of martial arts. In three years of training, he would receive his first degree black belt at age 27. It was at this point that he recognized and accepted his calling to teach martial arts. He began teaching a Taekwondo outreach program to Baltimore City youth, as well as teaching Taekwondo at Mount Pleasant Christian School with co-owner Timothy Beach. In April of 2007, Master Paul would co-found and operate a full time satellite martial arts school at the age of 32. Now almost ten years later, Master Paul is a certified World Taekwondo Federation 4th Dan Black Belt Master Instructor and co-founder of Titan Taekwondo Academy

### Master Tim Beach

Master Tim Beach is a 4th Degree Master's Certified World Taekwondo Federation Black Belt instructor. He has over 35 years experience being involved with sports along with martial arts. Upon graduation, he attended the University of Maryland, Baltimore County on an athletic scholarship for lacrosse, where he earned a Bachelor of Arts (B.A.) in Health and Fitness. The team was ranked 17th in the country during his time of participation. Tim continued martial arts training at the UMBC club Taekwondo Olympic style competition team, winning three state titles in the light heavyweight division.

Formerly AAA U.S. Taekwondo College — 

June 19 · 

I'm so glad we were provided the opportunity to transfer our son into this academy. What a difference caring and dedicated instructors makes when they, themselves, are a part of the instruction. My son leaves each class learning something new about Taekwondo and about himself. I'm grateful that each kick/form is explained so that my son understands WHY he is doing what he's doing. During testing, 6/17/17, I could hear other parents in the background cheering him on and could even see the students giving each other fist pumps. I love the camaraderie. My son has broken boards before but never did I see him do it with such ease and confidence. Just another reason I feel my son made the right decision to move on and join TTA. Thank you Master Paul and Master Tim. It's refreshing knowing that a Master is ALWAYS present in the building, both physically and mentally, to teach their students.
